

Message from Roger Fellows, one of the Churchwardens:

How would you like to raise £130 for church funds at no cost to yourself and no effort beyond the annual task of renewing your house insurance? The church's insurer, Ecclesiastical, is offering to donate this sum for every new household policy taken out with them between now and the end of August 2018 to celebrate their 130 years in business. I have obtained a personal quotation and find it to be competitive, with many benefits included which are extras with some other insurers. My experience as churchwarden of working with Ecclesiastical on church claims and other matters is that they are extremely helpful and a pleasure to work with. They have been voted by customers as the UK's most trusted home insurance provider!

I will put a poster in the church porch with the necessary information so that whenever your policy is due for renewal, you can contact them on 0800 783 0130 and quote TRUST 130, or go to www.ecclesiastical.com/Trust130. All you have to do is tell them that you want the donation to go to St Mary the Virgin, Weston Turville and they will do the rest when the policy is issued. This is confidential so we will not know in whose name the donation is made.

The donation will go to the PCC general fund as Ecclesiastical cannot make any other arrangements. However, if you should wish SWIFT to benefit please let me know and I will be able to make a transfer after the donation is received.

If you are reading this as a friend of the church but not a regular member it applies equally to you. Church membership is not a requirement so any support will be very welcome.
